

2023 Cruso Challenge

It All Goes Around

Back again this year, we have an exciting element at the Cruso Quilt Show, a challenge competition. Our friends at Twisted Sisters Quilt Shop have chosen a 6-fabric collection of vibrant batiks. It takes all of us to make the world go around and for 2023, our quilts are going round. Whether you use applique, curved piecing such as Drunkard's Path or New York Beauty, or a totally round quilt, it all goes around. Use the challenge pack to create a quilt for next year's quilt show. You'll have an entire year to complete your quilt. The quilts will be displayed at the Cruso show and a viewer's choice winner will receive a great prize! There will also be a prize for the 2nd and 3rd place quilts.

Challenge packs are available from our sponsor, Twisted Sisters Quilt Shop during the show. They will also be available at Twisted Sisters following the show, while supplies last. They are sure to go quick, so get them soon!

The rules:

- You must use all 6 of the challenge fabrics in your quilt.
- Your quilt must incorporate the "Round" theme in some capacity (appliques, piecing, entirely round quilt)
- The challenge fabrics must make up 30% of the total quilt (visible from the front and the right side of the fabric showing. The fabrics in the pack alone may not be enough to make the total quilt depending on size.)
- Your quilt must be between 100 & 160 inches in **perimeter** or 30 to 50 inches across the middle if round.
 - The quilt must be quilted and bound to be eligible for the challenge.
 - HAVE FUN!!!
